Dr Lewis Lau     Specialty Doctor, London
Dr Mervyn Lee    Associate Specialist, London
Dr Vendela McNamara  Associate Specialist, Leicester
Dr Carlos Oroz   Associate Specialist, Edinburgh
Dr Jane Richards  Associate Specialist, Newcastle-upon-Tyne
Breakout Sessions – Synopses

Friday 12th September

1. **Motivational Interviewing: Ellie Caldwell and Richard Cosway**
   This is a double session which aims to provide the background of motivational interviewing and its relevance in sexual health settings. Review some practical examples and familiarise yourself with the MI process.
   N.B. this is a 2 hour workshop divided into 2 halves; both sessions must be chosen in conjunction.

2. **Chem Sex: David Stuart**
   This workshop aims to introduce the trends and harms of Chem Sex and:
   - put the trends into context by use of a short health promotion film
   - remove fears to raising the topic of Chem Sex with patients
   - introduce participants to Motivational Interviewing techniques for this group
   - provide confident referral pathways

3. **Challenging Cases in GU Medicine: Dr Lisa Goodall**
   This workshop provides the opportunity for interactive case based discussions of GU Medicine case scenarios. Always popular!

4. **The DipGUM – How to Pass: Dr Afroze Jadun**
   Thinking of sitting the DipGUM exam? Then this session is a must! Join Dr Jadun to explore techniques to prepare for the exam and become familiar with the format. Discover if there are any gaps in your clinical practice which need to be plugged to ensure you have the best chance of passing.

5. **Contraception – LARC Update: Dr Stephen Searle**
   - Session 1 (1355-1455): Intrauterine Contraception
   - Session 2 (1540-1640): Subdermal Contraception
   Do you fit implants or coils? Do you need a refresher or update for your LOC recertifications? Or perhaps you are new to integrated services and want to update your contraceptive knowledge? Dr Searle will share his immense experience in this field in an interactive and often entertaining style.

6. **Challenging Cases in HIV Medicine: Prof Rob Miller**
   By popular demand, Professor Miller will use several “real life” case scenarios to illustrate the complexities of managing HIV-infected patients with intercurrent and co-morbid conditions.

7. **Female Genital Mutilation: Dr Alison Payne**
   This workshop aims to raise your awareness of the prevalence of FGM both in the UK and abroad. Learn how to approach the assessment and management of women who have suffered FGM and revise what your responsibilities are.
Saturday 13th September

1. **Premature Ejaculation: Dr Karl Hollows**
   Ever been faced with a presenting complaint of ejaculating too quickly and didn’t know quite what to ask next? The workshop aims to review the assessment and management options for those diagnosed with premature ejaculation.

2. **PID or not PID?: Dr Vendela McNamara**
   This case based workshop aims to provide an interactive forum for the discussion of specific case histories of women presenting with acute pelvic pain to a sexual health clinic. Further, discuss potential pitfalls and challenges in the diagnosis and management of PID.

3. **Syphilis: Dr Kieran Fernando**
   Do you have difficulty telling your RPR from your VDRL? This session will review the natural history, assessment and management of cases through the use of case based material.

4. **Career Development and Resilience for SASG Doctors: Dr Nick Theobald**
   Explore your career and professional development options as an SAS doctor in this valuable interactive session.

5. **Genital Dermatoses: Dr Sashi Parameswaran**
   This workshop offers an interactive session to review the common (and not so common) genital skin conditions. Develop a practical approach to assessment and management of such conditions relevant to your current clinical practice.

6. **Partner Notification: Martin Murchie**
   Martin, as the President of the Society of Sexual Health Advisers (SSHA) has a wealth of health advising experience which he will share in this workshop. Learn more about and refresh your current knowledge on the principles of partner notification.

7. **Basic HIV: Dr Sashi Acharya**
   As requested by numerous past delegates, this workshop aims to remove any mystery and confusion surrounding the principles of HIV medicine in terms of diagnosis, assessment, monitoring and treatment.

**CALL FOR PRESENTATIONS**

There is an exciting opportunity for delegates to make a 10-minute presentation. A prize of £100 will be awarded to the presentation judged to be the best. Submissions should be personal and original in the area of clinical work, case presentations or clinical audit in the field of Sexual Health. Please submit a summary (200 words maximum) using the attached Abstract Forms A and B and return by 15th August. We regret that any submission received after the deadline cannot be accepted. If several submissions are received, up to four will be chosen based upon merit. Successful entrants will be notified by 22nd August.
ABSTRACT FORM (A)

Please type/write the following in black ink using BLOCK CAPITALS:

Full title of abstract:

Author(s) name(s) (presenter underlined):

Department/hospital/unit:

Tel:                                      Fax:

E-Mail:

Signature of principal author: ......................... Date: ......................

Has this work been submitted/accepted for publication/presentation elsewhere? Y / N (this will not affect the likelihood of being accepted but you will be asked to indicate this in your presentation)

Anonymised abstracts will be reviewed by a panel and selected for oral presentation

Please return completed abstract forms (A) and (B) together to:

Dr Karl Hollows, Associate Specialist Sexual Health Medicine
Sexual Health Services, Cobridge Community Health Centre, Church Terrace, Cobridge, Stoke on Trent, ST6 2JN

Or scan and email forms to: Karl.Hollows@ssotp.nhs.uk

(please email to inform if abstract has been posted)

Abstracts must be received no later than 2pm 15th August 2014
The 17th Annual BASHH SAS Conference, 2014 at the University of Keele

**ABSTRACT FORM (B)**

**Please note:** Information on this page of the abstract form must be anonymous, ie: no names of persons, institutions or towns/cities/regions should appear.
