Responsibilities of STIF Competency Assessment Leads and Named Trainers
It is the Assessment Lead’s and Named Trainer’s responsibility to ensure that other staff who are involved in training and assessing within their course/units are competent to use the assessment tools. It is advisable that all members of the training and assessment team attend the STIF Competency ‘Train the trainers’ event. This event is run annually and should be attended at least once every 5 years.

More information on the STIF pages of the BASHH website
