Nurse Workforce Survey
We are asking all lead clinicians in GUM/Integrated sexual health services to forward the survey to your nursing colleagues in your departments, requesting that they complete a short questionnaire which can be accessed [here](#).
We hope to report back on this within the summer, so please try to complete by the end of June.

BASHH Spring Conference 1-3 June 2015- Royal Concert Halls, Glasgow

Many congratulations to Dr Daniel Richardson, BASHH Conference Secretary and Dr Rak Nandwani for organising a fantastic Spring Conference in Glasgow.

The scientific and social programmes were excellent and it was the most popular BASHH Spring Conference ever with 600 delegates, 323 submitted abstracts, 33 oral presentations, 254 posters, 5 clinical case and 6 undergraduate presentations. A full conference report will follow.

The BASHH Conference next year will be held in Oxford.

BASHH gains Information Standard accreditation

I am very pleased to report that, due to a tremendous amount of hard work by Dr Steve Higgins (consultant GU medicine physician in North Manchester and CEG member), the patient information produced under the auspices of the Clinical Effectiveness Group has won the coveted, nationally recognised kite mark of the Information Standard version 2.

Dr Keith Radcliffe, CEG chair

Guideline lead sought for Candidiasis

The CEG is looking for an author to revise the National Guideline on candidiasis. You need to be a GU Medicine consultant with an interest in the condition and in evidence-based medicine, who can lead a writing group including a microbiologist and other relevant professionals. Editorial support will be given by the CEG.

BASHH MSM SIG 2nd Biennial Conference – ‘Sex, Life and MSM’

Conference Aston within Aston Business School (Aston University Campus) - Birmingham, UK

Please hold the date for this all day meeting scheduled for 30th October 2015. Details on how to register for a place will soon be available and will be circulated to all BASHH members.

Following on from the great success of the first meeting in 2013, this day is aimed at all those working with MSM across the multidisciplinary team, including in the voluntary sector, and will focus on four themed sessions:

- Mental Health and MSM
- Anal sex in MSM: disapproval, douching and disease
- Helpful or unhelpful terminology? - (re) Defining ‘MSM’
- HIV uninfected MSM: HIV Testing and PrEP

BASHH National Guideline on the Management of the Viral Hepatitis A, B & C 2015

The new BASHH Hepatitis guidelines are now out for consultation. For the first time we will be asking all feedback be given by using the feedback form posted on the web page next to the draft guidelines. All feedback forms should be sent to Ann.Sullivan@chelwest.nhs.uk by 30th July 2015. The draft guidelines and feedback form can be accessed on the guideline section of the BASHH web site under ‘What’s new’ here.
Cross-sectional survey to explore the provision of HIV prevention and testing services for older adults at GP practices and sexual health/HIV clinics

Participants required for research study to explore the acceptability and accessibility of HIV prevention and testing services at sexual health/HIV clinics to older adults

You are invited to take part in a research survey, funded by the University of York, to explore the acceptability and accessibility of HIV services to older adults. Participants will be asked to complete an anonymous online survey, which will take approximately 10 minutes to finish. Eligible participants include: sexual health/HIV consultants; sexual health/HIV registrars; SAS doctors in sexual health/HIV; sexual health/HIV nurse practitioners; sexual health/HIV specialist nurses. Participants must be working in England.

If you are interested in participating, please click here to open the following link for further study information and to access the online questionnaire.

Further contact details: Sadie Bell (Chief Investigator – Health Sciences PhD student, University of York). Email: slb521@york.ac.uk

Sexual Health and HIV Forum

The Sex Education Forum has now published an updated version of our briefing ‘SRE – the evidence’ (2015) which includes infographics and references to the now published Natsal-3 findings about SRE. It is free to access from the ‘evidence’ tab on our web-site: http://www.sexeducationforum.org.uk/evidence.aspx

New RCP E-learning Module

RCP have a new e-learning module that I thought might be of interest to your association- Assessing Trainees in the Workplace - LINK

The package is aimed at any doctor who is responsible for assessing other trainees, and covers feedback, Supervised Learning Events (SLEs) and Workplace-based assessments (WPBAs). It is primarily designed for physicians but may be of interest to any secondary care doctor, particularly those who are being revalidated or who are seeking continuing professional development.

As well as offering individual doctors the option to purchase the package, we have made this available to trusts and other health organisations, to purchase this on behalf of their doctors.

STIF COMPETENCY 2016 TRAIN THE TRAINER WORKSHOP

The 2nd edition of this evidence based guidance has assessed the additional evidence from 2007-2014. The STI section includes 2 additional papers and there are strengthened evidence statement and clearer issues for practice. The good practice section on testing for STIs has been updated and includes the new HIV testing window period.

Members of the BASHH Adolescent Special Interest Group and others BASHH members were contributors to the evidence review and good practice section. Click here for more information.

**COMBATING CHILD SEXUAL EXPLOITATION – e-LEARNING Tool**

*Combating Child Sexual Exploitation*, a new digital e-learning tool for health is one of a series of measures designed to improve recognition of child sexual exploitation amongst healthcare professionals. It addresses recommendations made in the *Health Working Group Report on Child Sexual Exploitation* for educational materials to help NHS staff to take action to make children and young people safe from CSE. It takes about 40 minutes to complete *Combating CSE* and uses facts, scenarios, videos and summary assessments to highlight the warning signs and build knowledge and confidence in responding to a case of CSE.

NHS staff can access *Combating CSE* on e-Learning for Health: [Click here](#)

Staff working in the wider health system can use the tool from the Brook website: [Click Here](#)

We hope you will be able to share this more widely with your colleagues within your organisations as Level 1 safeguarding children and young people training resource.

**Mentoring skills training for Sexual Health / HIV Consultants and SAS doctors**

The BASHH/ BHIVA Mentoring Group are running a one-day workshop in central London on Friday 27th November to equip doctors working in sexual health and / or HIV with the knowledge and skills to take on a mentoring role to other doctors. It will also be a useful update for doctors already in mentoring roles wishing to refresh their knowledge and skills. There will be an opportunity to explore the roles of both mentors and mentees and to discuss ideas and models that you will be able to put into immediate practice.

**Time:** 10:00 - 16:00 - Registration from 09:30

The cost is £95.

To register, please see the BASHH website, BASHH Training Courses and Meetings
